

2 Pack Mineral Based TRADITIONAL RENDER

TRADITIONAL SPONGE FINISH RENDER

DESCRIPTION	TRADITIONAL RENDER is polymer modified dual purpose traditional cement render for (A) obtaining a traditional sponged finish render, or (B) preparing most substrates as a base coat.
SURFACE PREPARATION	Ensure substrate to be coated is clean and free of dirt, dust, oil grease or any loose material.
APPLICATION	<ol style="list-style-type: none"> 1. Pour approximately 4 litres of clean water into a clean empty 20 litre pail. 2. Slowly add TRADITIONAL RENDER to the water and mix with slow speed / high torque drill using GPML 130mm mixer. Note that high speed mixing or extended mixing time will deteriorate the application and usage of the product. 3. Mix the product to a workable consistency ready for application. 4. Apply to substrate with trowel and level off flat with trowel. 5. Allow to semi-dry before using a float and sponge to create required finish.
OPTION B	TRADITIONAL RENDER can only be used as a thin filament coating e.g. Skimcoat Base Coating, when Quickwall Polymer is added. 4 litres water/polymer solution of 8:1 or a minimum of 500 mls of Quickwall Polymer per 20kg bag.
PAINTING	Allow 48 hours for product to dry before painting (under normal circumstances). Paint with Quickwall Aquaseal Membrane paint or a high quality exterior paint suitable for masonry surfaces.
COVERAGE	4 – 5 m ² is expected per bag depending on the substrate and applicator.
GUARANTEE	Seven years when applied by an Approved Applicator and in accordance to Quickwall specifications.
WARNING	<p>TRADITIONAL RENDER IS NOT SUITABLE AS A BASE COAT FOR POLYSTYRENE SYSTEMS.</p> <p>TRADITIONAL RENDER MUST BE APPLIED TO A MINIMUM OF 10mm.</p>

SPECIFICATION

Traditional Render as **Base Coat**

1 st coat	Apply Quickwall TRADITIONAL RENDER
2 nd coat	Apply selected Quick Finish
3 rd coat	1 coat of Aquaseal
4 th coat	1 coat of Aquaseal

Traditional Render as **Finish Coat**

1 st coat	Apply TRADITIONAL RENDER
2 nd coat	Apply TRADITIONAL RENDER
3 rd coat	Apply Aquaseal
4 th coat	Apply Aquaseal
